

Jubilee Field Surgery
Yatton Keynell, Chippenham, Wiltshire, SN14 7EJ

February 2025

It's a little late for Happy New Year, but we hope 2025 has started well for you, despite the cold and sometimes stormy weather!

We would like to share some good news regarding the future of Jubilee Field Surgery.

Many of you will have noticed (and politely ignored!) increasing amounts of grey hair sported by Dr Popli in recent years, and it will come as no surprise that retirement is something that has been increasingly discussed in the Popli household.

It has been incredibly important to us to find the right pairs of hands to take the reins from us, both for the wellbeing of our patients and for our fabulous colleagues at Jubilee Field Surgery.

We are delighted to announce Dr Sara Nash and Dr Shamit Shah will be joining as Partners in April and August respectively, both experienced GPs who will bring new energy and dedication to this wonderful community; Dr Popli will retire soon after Dr Shah's arrival.

Both Sara and Shamit share the same ethos of care, continuity and compassion that has been at the heart of what we have tried to demonstrate during our time at JFS, and we have no doubt that they will do their very best to look after you all, alongside our excellent existing staff.

We have been at Jubilee Field Surgery for 25 and 17 years respectively, and it has been our privilege to look after you and your families, and grow old together!

We wish you all the very best with your health and happiness.

Sanjeev and Andrea Popli
